BE A HERO FOR A BETTER WORLD

"...so long as we have nuclear weapons on this earth, one could claim that no real life is actually thriving on the earth. We do not have life actualizing its fullest potential as long as there are nuclear weapons."
Tadatoshi Akiba, Mayor of Hiroshima

"A common denominator in every single nuclear accident – a nuclear plant or on a nuclear submarine – is that before the specialists even know what has happened, the public already knows. That is because before they know it themselves they themselves know what has happened because they are terrified that the public might react violently, either by panic or by revolt."
